

Weekly Update

30th June 2021

EDUCATE TOGETHER
NATIONAL SCHOOL

Staffing for 2021 – 2022

This week, we will be holding interviews to fill some positions for the next school year. Once this process has been completed, parents and guardians will be informed of class teachers for the next school year.

Outdoor Learning Project – Update on Fundraising

I am delighted to announce the building work for the Outdoor Learning Project will commence on Monday, 5 July. Our fundraising appeal has reached €14,398.00. We are so grateful to everyone who has contributed to our appeal and look forward to having this phase of the Outdoor Learning Project completed for the next school year.

This Week in RETNS

What a great week it has been. On Monday, 6th class had their Graduation and we were delighted to welcome our parents and guardians to the ceremony.

Yesterday was Dennis Day. It was fantastic to see our entire school dressed as Dennis, each with their bundle of keys. We had a wonderful assembly with lots of tributes from the children followed by ice cream for all.

RETNS Chronicles Issue 2

Well done to 4th class who have published the second issue of RETNS Chronicles. It includes an interview with Dennis and can be found at <https://retns.ie/blog/retns-chronicles/>

Plans for September

The children return to school on Wednesday, 1 September. It is likely that our procedures will have only small tweaks but I will be in contact with you about this nearer the time.
