

RETNS Board of Management Meeting – 10th January 2022

Covid-19 Response

The Board continues to review the school's Covid-19 measures. Public Health continues to advise that the most important action to prevent the introduction and spread of COVID-19 is ensuring no-one with new onset symptoms attends school.

The circumstances of members of the school community can obviously change very quickly and we ask that all absences are explained on Aladdin Connect to help the school in responding to Covid-19 cases.

Outdoor Development Project - Phase 2

The canopies for outside the classrooms at the left side of the school have been ordered and it is expected that installation will take place in Quarter 1, 2022.

Roof Repair

In late December there was a leak in a section of the flat roof above the elevator shaft in the school. The leak has been temporarily repaired and the school are seeking quotations for a longer-term solution that will replace the section of roof covering.

Charities Governance Training

Members of the Board will be attending training on the Charities Governance Code in early 2022. The training will consist of six modules and is provided by the Department of Education's Financial Support Services Unit.

The BoM also considered some routine matters, which for reasons of confidentiality are not included in this report. The next Board Meeting is on Monday 7th February 2022.
