

Weekly Update 11th February 2022

This Week in RETNS

3rd – 6th classes had workshops on Habitat Mapping as part of the Heritage in Schools programme.

Classes this week have been revisiting Internet Safety to mark Safer Internet Day.

Write-a-Book

3rd and 4th class have completed their books which will be delivered to Blackrock Education Centre this evening. This morning, I had a wonderful time reading a selection of books and was so impressed by the writing and the range of subject matter, both fiction and non-fiction. Congratulations to the children and huge thanks to

parents/guardians and staff for the support and guidance given to the children.

Next Week in RETNS!

Love Bomb Week and Cosy Day

In their Restorative Practice programme, all children have been learning lately about how the smallest acts of kindness can bring joy to someone's day. Next week, the Student Council will be holding a **Love Bomb Week** to spread positivity and love throughout the school in lots of small but meaningful ways.

To mark the end of Love Bomb Week, on Friday February 18th, the Student Council have organised a **Cosy Day** for the children to show themselves a little love! On that day, children are invited to wear or bring something cosy to school, (fluffy jumpers, hats, scarves, etc.). In the afternoon, each class will mark the occasion with a cosy and relaxing activity in their classrooms.

Children must be dressed appropriately for school on the day (no pyjamas or onesies).

Small extra items such as cushions or teddies may be brought in, but must fit in the child's school bag and be clearly labelled.

If they wish, the children may bring their slippers to school on the day, to be worn within their classrooms only.

Design & Build Your Own Roblox Game

Coder Dojo is back and we'd like to hear from you!

Join us for an informal brainstorming session – 1st – 6th classes

We'll be bouncing ideas about games that we can build in the coming weeks.

All our sessions are free and easy going. You can attend as much as it suits, no prior experience necessary, just a laptop. The aim is to have fun and learn some basic coding.

Next session - Tuesday, February 15th, 6.30 pm
